CIVIL ACTION NO.: 3:13-cv-2474-O

AFFIDAVIT OF THOMAS M. SHINGLER, PE

Before me, the undersigned notary, on this day personally appeared Thomas M. Shingler, a person whose identity is known to me. After I administered an oath to him, upon his oath, he stated as follows:

1. "My name is Thomas M. Shingler. I am of sound mind, over the age of 18 years, and have never been charged or convicted with a felony or misdemeanor. I have personal knowledge of the facts stated in this affidavit, and they are true and correct to the best of my knowledge. I make this affidavit under oath and subject to the penalties of perjury.

2. I am a duly licensed professional engineer in good standing within the State of Texas. I previously submitted an expert report relating to the above matter regarding hail damage that occurred at the Stagliano's properties which occurred on May 24, 2011. As part of my opinions in this matter, I have concluded to the reasonable degree of engineering probability that, based upon my background, experience and evaluation of the meteorological events relating to this matter, hail did in fact occur on May 24, 2011, and that such hail was consistent with such damages I personally observed and are part of the materials I have reviewed in this case. I therefore conclude that such damage is related to the hail claim of May 24, 2011.

3. I hereby certify that a copy of the report dated September 8, 2014, attached hereto, is an accurate statement of my opinions in this matter. All such opinions are given to within a reasonable degree of professional certainty.

3. I further certify that the curriculum vitae attached to my report is a true and accurate reflection of my certifications, background and experience."

Further Affiant sayeth not.
